Emergency and First Aid Procedures

Remove affected to fresh air. For skin contact, wash affected area with warm soapy water. For eye contact, wash eyes thoroughly with cold water. Treat symptomatically and supportively.

Section VII - Precautions for Safe Handling and Use

Steps to Be Taken in Case Material is Released or Spilled

Provide adequate ventilation to remove fumes from spill area. Personnel should use protection against contact with liquids & against breathing large amounts of vapors. Pick up with absorbent material & place in waste disposal container. Use vermiculite or other suitable absorbent. Flush area with water.

Waste Disposal Method

Incineration or sanitary disposal in accordance with local regulations

Precautions to Be taken in Handling and Storing

Flammable liquid - class 3A. Store in well ventilated, cool dry place away from sources of heat & ignition. No smoking in areas of storage or use. Ground metal containers when transferring liquid to prevent static accumulation & discharge.

Other Precautions

N/A

Section VIII - Control Measures

Respiratory Protection (*Specify Type*)

For high exposures, use NIOSH approved air line or self contained respirators. A full face mask may be needed to prevent eye irritation from vapors.
