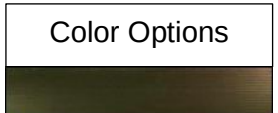
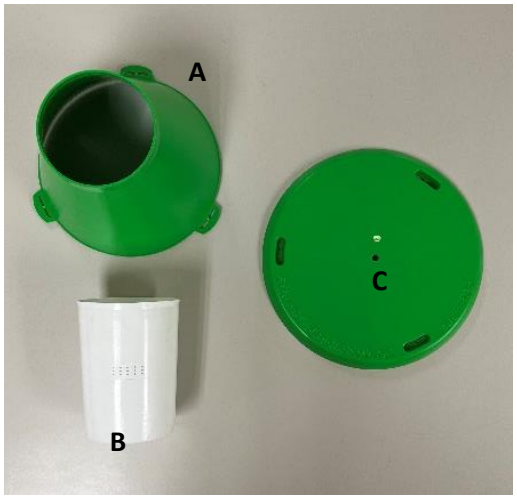
Synergy Multitrap System - Funnel Assembly Instructions

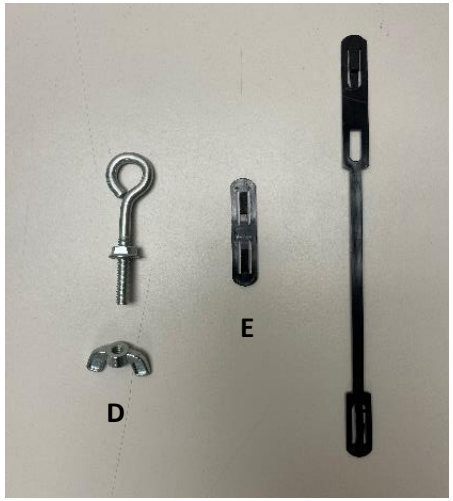
Components & Hardware:

A. Funnels
B. 1 x Cup
C. 1 x Canopy
D. 1 x Eye Bolt Assembly
E. 3 x Short Strap
F. Long Straps

Color Options







Step 1 – Collection Cup Assembly

1. Place the collection cup (B) into what will be the bottom funnel (A).
2. Insert the large end of a Long Strap (F) in to the left slot of a funnel tab.
3. Repeat for the remaining 2 tabs on the funnel (A). Ensure straps are secure by pulling on them.

Step 2 – Funnel Assembly

1. Add additional funnels (A) to the assembly by inserting the large end of the strap into the right slots of the next funnel.
2. Continue adding funnels in a spiral-like fashion

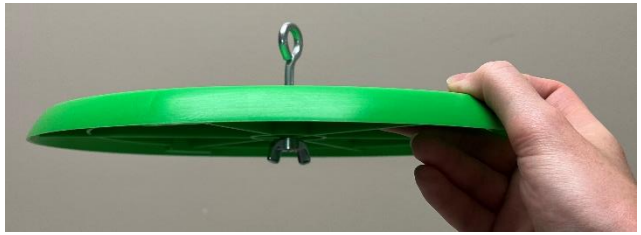
Step 3 – Canopy Assembly

1. Insert the eye bolt assembly (D) through the top of the canopy (C).
2. Turn over the canopy (C), and while holding the eye bolt, screw in the wing nut.



Step 4 – Completed Assembly

1. Insert the Short Straps (E) into the other slot on the top funnel and attach it to the canopy using both the long and short straps.
2. Final assembly should resemble the right photo.

Lure Placement

1. For optimal lure Placement attach the lures to a long strap (F).
